

Ban Sairee

your family friendly destination

Sawasdee!

A very warm welcome to you and your family from us all at Ban Sairee. As the owners, and parents ourselves, we have been holidaying at Ban Sairee since our children were very young. We have created experiences to particularly cater for little people and teens, because we know from our own personal experience that their happy and safe holiday, makes for a happy holiday for everyone.

In addition to the 7 bedroom Main Villa, we also offer two restored traditional Thai teak rice barn to create a dedicated separate family rooms in the gardens of Ban Sairee.

Affectionally known as Barn Lei, meaning Small Barn in Thai, it sleeps 2 in twin share or king bed and roomy enough to add a further two mattresses on the floor. There is an ensuite bathroom and an outdoor cold shower in its own private bamboo enclave.

Barn Yai, or Big Barn, also sleeps 2 in twin share or king bed. It's ensuite and shower are upstairs along with a private living and dining area. It has its own TV with Wii machine and selection of kids DVDs, Bose speakers and games area upstairs for rainy days, and dining area on the ground floor.

Furnished with bean bags and Thai lounges, the barns are great areas for the young and teenage guests at Ban Sairee. It is also ideal for nanny and helper accommodation.

For the very young who need to be kept closer by, the Main Villa single rooms each adjoin a master room and sleep 2 in bunks. We also have a couple of Mothercare travel cots which can be set up in any room that best suit you.

Swim & Play Areas

The **pool** was designed with youngsters in mind and includes a 4m x 5m shallow shaded splash and play area.

We love gardens and have specially landscaped Ban Sairee with **extensive lawns** surrounding the pool and running down to the beachfront. We provide **footballs, badminton, boules** and **beach cricket** sets for games on the grass. There is also a **trampoline** which we have specially chosen with little people in mind – it is 'springless' and netting all round to enable safe play and fun

Ban Sairee is fronted by a **secluded and very private beach** where the water is shallow all year round and the offshore reef has created a shallow sheltered lagoon. Perfect for sand castles and paddling.

We also have two double-seated **kayaks** with adult and children life jackets. There is also great **snorkelling** and **fishing** just beyond the bay and can be accessed either with kayaks or off the nearby headland.

We are one of the very few villas on Koh Samui with a **private tennis court**. We provide adult and children's tennis racquets with balls. Lessons for all ages can also be organised.

We can also organise for **massages, hair braiding** and **mani-pedis** in the villa.
